

# VP *MetalCraft*

“ Crafting Components, Building Trust ”

## Who We Are

---

- At **VP MetalCraft**, we bring over 20 years of expertise in the manufacturing and supply of precision-machined metal components.
- As part of a larger family of excellence, our sister company, **Selvin Metal Products**, complements our capabilities and expands our reach in delivering high-quality metal components and solutions. Together, we leverage our combined strengths to serve a broader range of industries while maintaining our shared commitment to precision, quality, and customer satisfaction.

## What We Do

---

- CNC Milling & Turning
- Prototyping and Small-Batch Production
- Custom Machining Solutions
- Precision Grinding
- Assembly and Sub-assembly

## Industries We Serve

Automotive Industry

Electronics Industry

Aerospace Industry

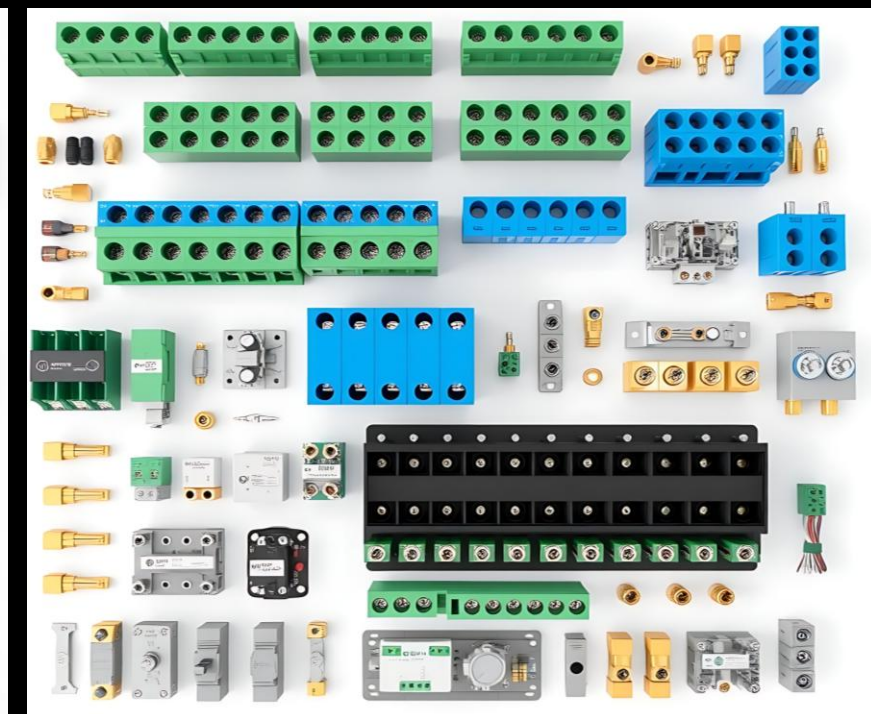

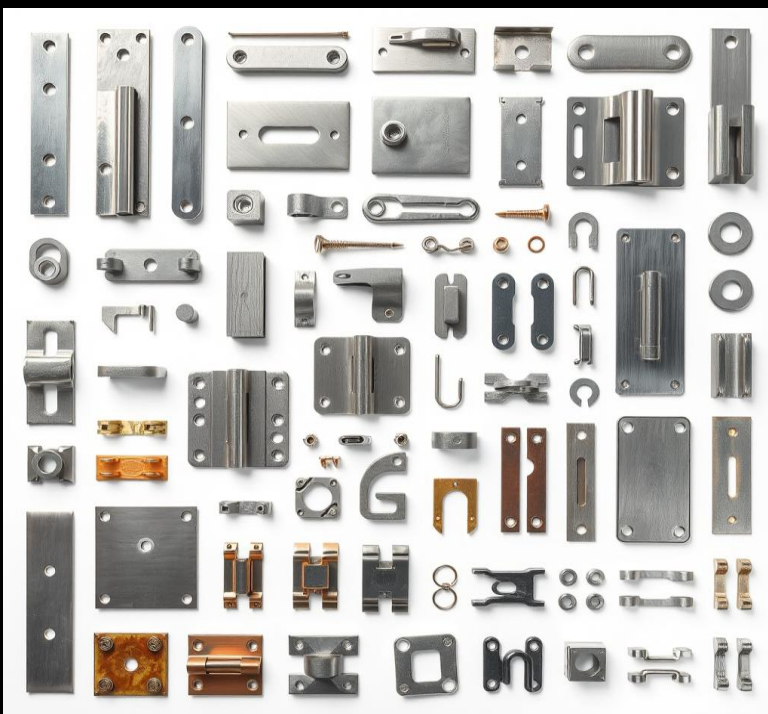

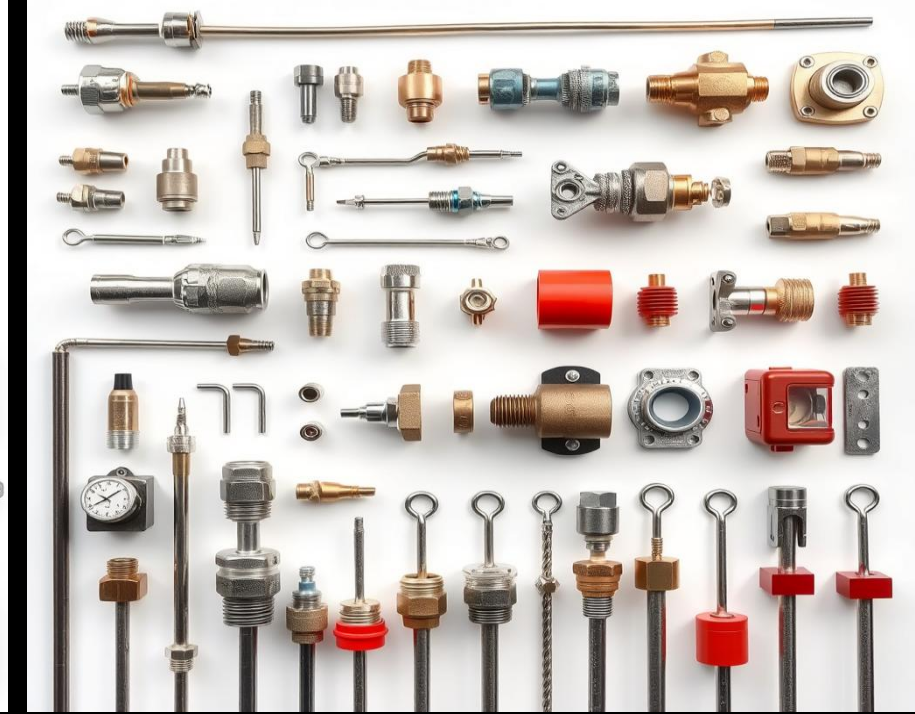

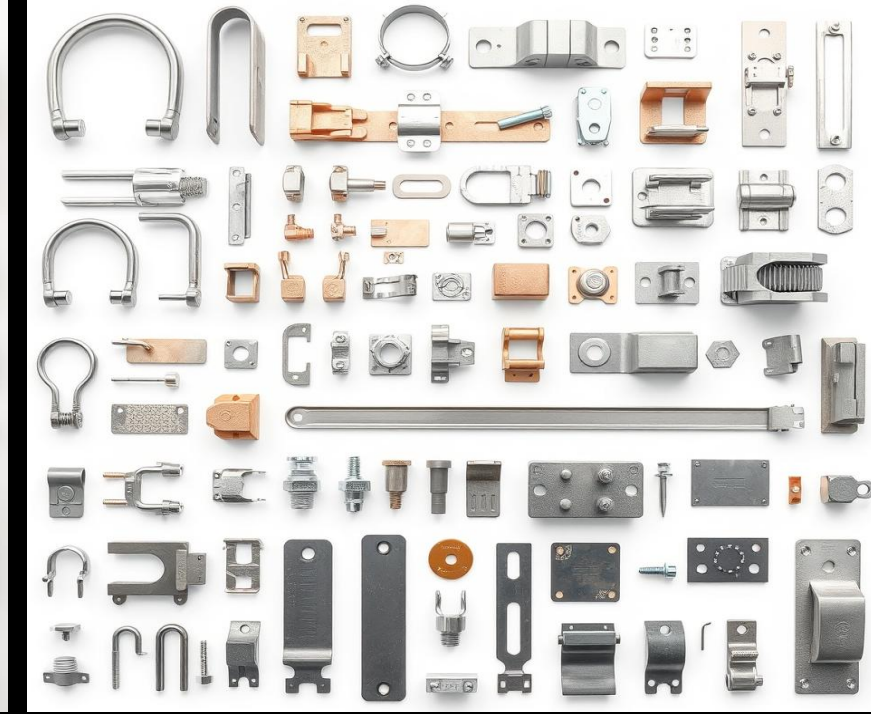

Medical Industry

Oil & Gas Industry

Marine Industry

## Our Purpose and Commitment

---

- Deliver high-quality, cost-effective machined components.
- Leverage cutting-edge technology to drive innovation and efficiency.
- Foster long-term partnerships through exceptional service and reliability.
- Precision: Excellence in every detail.
- Integrity: Honesty and transparency.
- Customer Focus: Exceeding expectations at every step.

---

## Sustainability Commitment

---

- **Energy-Efficient Machining**
- **Waste Reduction**
- **Eco-Friendly Materials**
- **Green Manufacturing Practices**
